

Unit 2 make up lessons: <http://nkscience.weebly.com/unit-2-make-up-work.html>

Lesson 2.6

- **Assignment Sheet** (Remember to see your teacher in advance of the due date if you don't have easy access to a printer and need a hard copy).
- Web link for virtual lab: <http://www.occc.edu/biologylabs/Documents/Organic%20Compounds/Organic%20Compounds.htm>
- NOTE: For the purpose of this assignment, think of the word "macromolecule" when you read "biomolecule" on the assignment sheet. Use Lesson 2.6 Parts 1 & 2 if you need additional help completing questions (remember you can also use the Internet, but make sure it's a reliable source if you do!)
